

Home Learning **Rainbows!**

Please continue the 'Easter' home learning set last week but this is a little extra if you need it.

Children all over the UK have been making their own rainbows to put up in their windows to spread a bit of happiness. Can you make your own for your window?

Can you go on a colour hunt around your house and find items for each colour of the rainbow?

Share the story of "Rainbow fish" at home or use this video to follow.

Don't forget to share your work up on Tapestry – It would be lovely to see.

Also look for the '**Sound of the week**', '**Number of the week**', '**Show and Tell**', and '**Story Time**' available on Tapestry and the Website each school week (not in the holidays).

Stay safe
