Learning at home and school

Friday 22nd May 2020

Dear Parents and Carers,

Following the government's request to bring back some year groups to school from 1st June, we have had some questions as to how the curriculum will look and what learning will take place.

All pupils, whether they are in school or not, will complete the same tasks.

Our intention is that topics will still be set on Google Classroom in the form of links to lessons on BBC Bitesize. There may also be some project-based activities set. Due to the fact that teachers will have an increased commitment to school based learning with the phased reopening for Reception, Year 1 and Year 6, we cannot maintain the same interactions and comments about work on Google Classroom.

The learning opportunities will remain online. There are excellent video tutorials, fun quizzes and various activities for the children to complete. There will be no submission of work required, apart from any project work the children wish to complete which can be submitted at the end of the week.

'BBC Bitesize Daily' is providing English, Maths and foundation subject lessons every weekday, via their website and the BBC iPlayer, for year groups 1-6. Tasks set have explanatory videos and provide links to other sites where further activities can be accessed. Online lesson content and activities can be found at:

<https://www.bbc.co.uk/bitesize/dailylessons>

Nursery and Reception children will still be able to access their learning through Tapestry.

For the Year 6 children there will be some secondary transition materials that we will make available for online for the remaining weeks of this academic year.

We thank you for your continued support with this.

Kind regards,

Mrs Moore and Mrs Porter
