

Science

I am a scientist investigating and discovering the world around me

Scientific process	Progression statements for Year 1	Pupil	Teacher
1) Planning Investigations	I can ask simple questions with some help.		
	I can think of different ways of answering a question.		
2) Conducting experiments	I can make observations.		
	I can do simple tests, with some help.		
3) Recording evidence	I can think of different ways to record my work.		
4) Reporting findings	I can recognise when I've found something out.		
5) Conclusions and predictions	I can make simple tables and charts.		
	I can use observations to suggest answers to questions.
