

**Science**

*I am a scientist investigating and discovering the world around me*

<b>Scientific process</b>	<b>Progression statements for Year 2</b>	<b>Pupil</b>	<b>Teacher</b>
1) Planning Investigations	<b>I can ask simple questions.</b>		
	<b>I can recognise that questions can be answered in different ways.</b>		
2) Conducting experiments	<b>I can observe closely, using simple equipment.</b>		
	<b>I can perform simple tests.</b>		
3) Recording evidence	<b>I can record and show what I have found out in a range of ways and begin to use simple scientific language.</b>		
4) Reporting findings	<b>I can begin to identify and classify scientifically.</b>		
5) Conclusions and predictions	<b>I can gather and record data to help answer questions.</b>		
	<b>I can use my observations and ideas to suggest answers to questions.</b>
